IMPORTANT REMINDER

Subject: Immunization Requirements for School Year 2008-2009

Dear Parent/Guardian:

Legislation has been adopted that requires all students entering the sixth grade in the school year 2008-2009 to have a booster dose of TDAP.

Your child must have this immunization before the first day of school. If your child does not receive the TDAP vaccine before the first day of school they will be excluded until the vaccine is received. In order to avoid any problems with this requirement we are giving you advance notice so you will be able to prepare. In the past our local health department has come to each school to do a clinic. I have been advised that this will not be an option this year.

If you have any questions or concerns feel free to contact your child's school nurse.

Sincerely,

Tonya Hall, RN
Patrick County Public Schools Nurse Coordinator

You may want to contact the local health department at 694-3188.
